

# SONOACE 9900 **PRIME**

## The True Multi-specialty Ultrasound System

SONOACE 9900,  
the true multi-specialty ultrasound  
for all applications.

SONOACE 9900 provides superior image quality and versatile 3D functions specially designed for all application range.

- **Advanced 2D & color image quality**
  - Harmonic imaging
  - Pulse Inversion Harmonics
  - FINE Filtering
  - OSIO (Auto image optimization)
  - C-Square technology for contrast enhancement
  - PSAD Beamformer for noise reduction
- **Extended 3D applications**
  - Volume 3D probe
  - Live 3D
  - Multi-planar image display
  - VOCAL (Automatic volume measurement)
- **Digital image management and networking**
  - SonoView II (Digital image management)
  - SonoView Pro (Digital image management software for PC)
  - 80 GB HDD
  - MOD
  - CD RW
  - Cine save
  - DICOM 3.0
